- 17 First Day for Ducklings
- 18 Parent/Tot Session #1 begins
- 30 No School- Rosh Hashanah

NCNS Lunch Bunch & Enrichment

2019-2020 Fall Registration

Lunch Bunch Enrollment runs from July 9th- 13th. Forms will be available on July 8th and applications are accepted on a first-come, first-serve basis. Visit www.ncnskids.org to download the Registration form. Lunch Bunch is designed for children who are enrolled at NCNS looking to extend and enrich their school day. Classes are open to our 3 year old and 4 year old students. All classes are 11:20-12:40. A **nut-free** brown bag lunch should be sent with students that day.

Yoga Bash - - Mondays

Spring forward by building strength, flexibility and confidence through yoga poses and breathing techniques designed for children. Yoga Bash incorporates books, seasonal events and games to bring out your mini yogi. Weekly themes include geography, languages and nature and will incorporate elements such as affirmation, body benefits and brain balance. Class begins with 45 minutes of yoga, followed by a 30-minute lunch and short open play-time.

Amazing Athletes -- Tuesdays

New this Fall, Amazing Athletes' weekly class encompasses two development sports lessons, muscle identification, fruit or vegetable introductions, as well as activities designed to build and mature a child's motor development, hand-eye coordination, cardiovascular fitness, speed, agility, and much more! The action-packed curriculum allows girls and boys to build their skills at their own pace within a non-competitive, learning-based environment which emphasizes patience, teamwork, and self-confidence. Class begins with 45 minutes of activities, followed by a 30-minute lunch and short open play-time

Sing with Señora -- Wednesdays

Students will be too busy having fun singing songs in Spanish and playing games to notice that they are also building a strong foundation for lifelong language learning! Preschoolers are at the PERFECT age to start learning another language. Sing with Señora makes that learning engaging and accessible through play, stories and song. Class begins with 45 minutes of Spanish-themed activity, followed by a 30-minute lunch and short open play-time.

Jr. Engineers by Noggin Builders -- Fridays

Explore early math and building skills in this hands-on program for preschoolers. Math is fun when we do it with hands-on projects from everyday life. Children will enhance skills like correspondence, spatial reasoning and comparisons as we engage in fun projects like measuring length, making "Pi" pieces, and creating their own abacus. As builders, the children will explore different types of materials, increasing their vocabulary of textures, shapes and material strength. They will use unusual building materials each week to build creations and enhance their abilities in building, such as balance and using connectors while practicing fine motor skills and creativity. Class begins with 45 minutes of hands-on activities, followed by a 30-minute lunch and short open play-time.

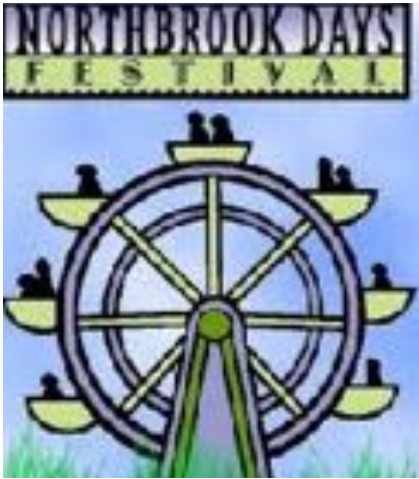

It's Not Too Late!

We have some class openings left! If you haven't already enrolled for the 2019-2020 school year or know of someone who is considering enrolling, please contact Gail Nemoj at 847-272-5430 or Jessica Kray at 317-507-7146 for additional information.

Save the Date

NCNS at the Northbrook Days Goldfish Booth
July 31 - August 4

We are looking for volunteers to staff the Goldfish Booth at Northbrook Days. Varying shifts are available, and time flies with all the fun! Please contact Kristin Ware at kristin.r.ware@gmail.com if you are interested in helping out.

Northbrook 4th of July

NCNS celebrated Independence Day marching in the Northbrook Parade! What a fun time we had throwing candy and seeing friends along the parade route! A special thanks to everyone who braved the heat and marched, and of course to Erin Gosser for organizing this great family event!
